Capitol City Speech Therapy is excited to offer a speech sound intensive this summer in our Raleigh location. This group is for ages 4-8 who have moderate to severe speech sound disorders and have existing goals to work on.

Led by a licensed SLP, each session will include high dosage practice on your child's specific sound targets. In addition, group phonological awareness practice to support literacy skills will be incorporated. This group includes (6) 90 minute sessions and the cost is \$360. Space is limited so call our office at 919-577-6807 or sign up [here](#).
