Thursdays 5-6pm  
July 11-Aug 15

Capitol City Speech Therapy is excited for you to join us for “Friendship Bracelets” this summer in our Fuquay-Varina location. This is a social group for preteens (10-13 years) inspired by T Swift, but with a primary focus on understanding and building healthy relationships with yourself and others!

Group sessions will be led by a licensed SLP and include direct teaching on targeted concepts, fun and engaging practice opportunities, all paired with music and crafts. Our final session will include a dance party, where participants are encouraged to invite someone they’d like to get to know better. This session includes (6) one-hour sessions and the cost is \$300. Space is limited so call our office at 919-577-6807 or sign up [here](#).

*This group is targeted for children who need minimal behavioral support to participate in a small group setting. A referral from an SLP or a brief phone meeting with the group leader is required. Please call or email us if you have questions about if this group is a good fit for your child!*

141 N. Main St. Fuquay- Varina NC 27526
